We sure missed
this guy!

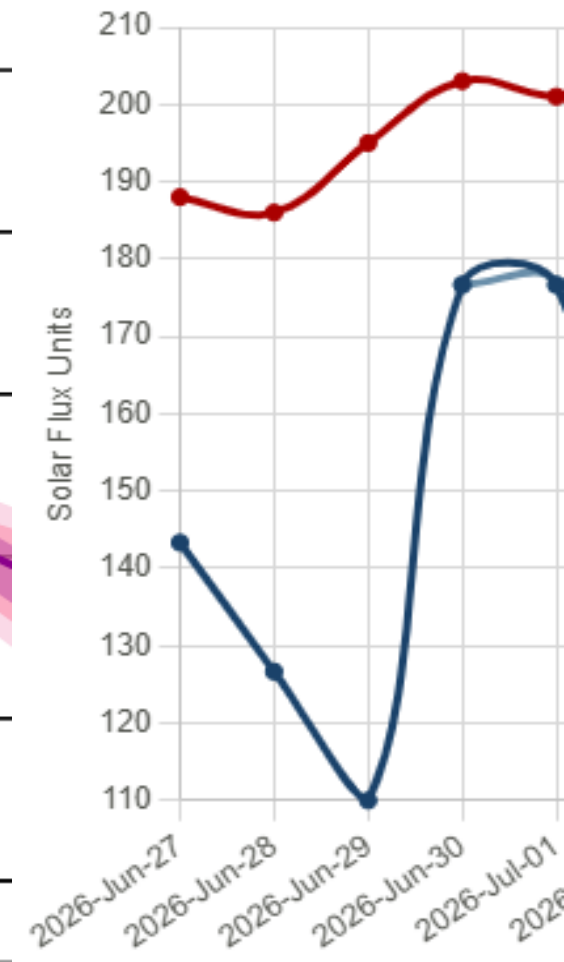

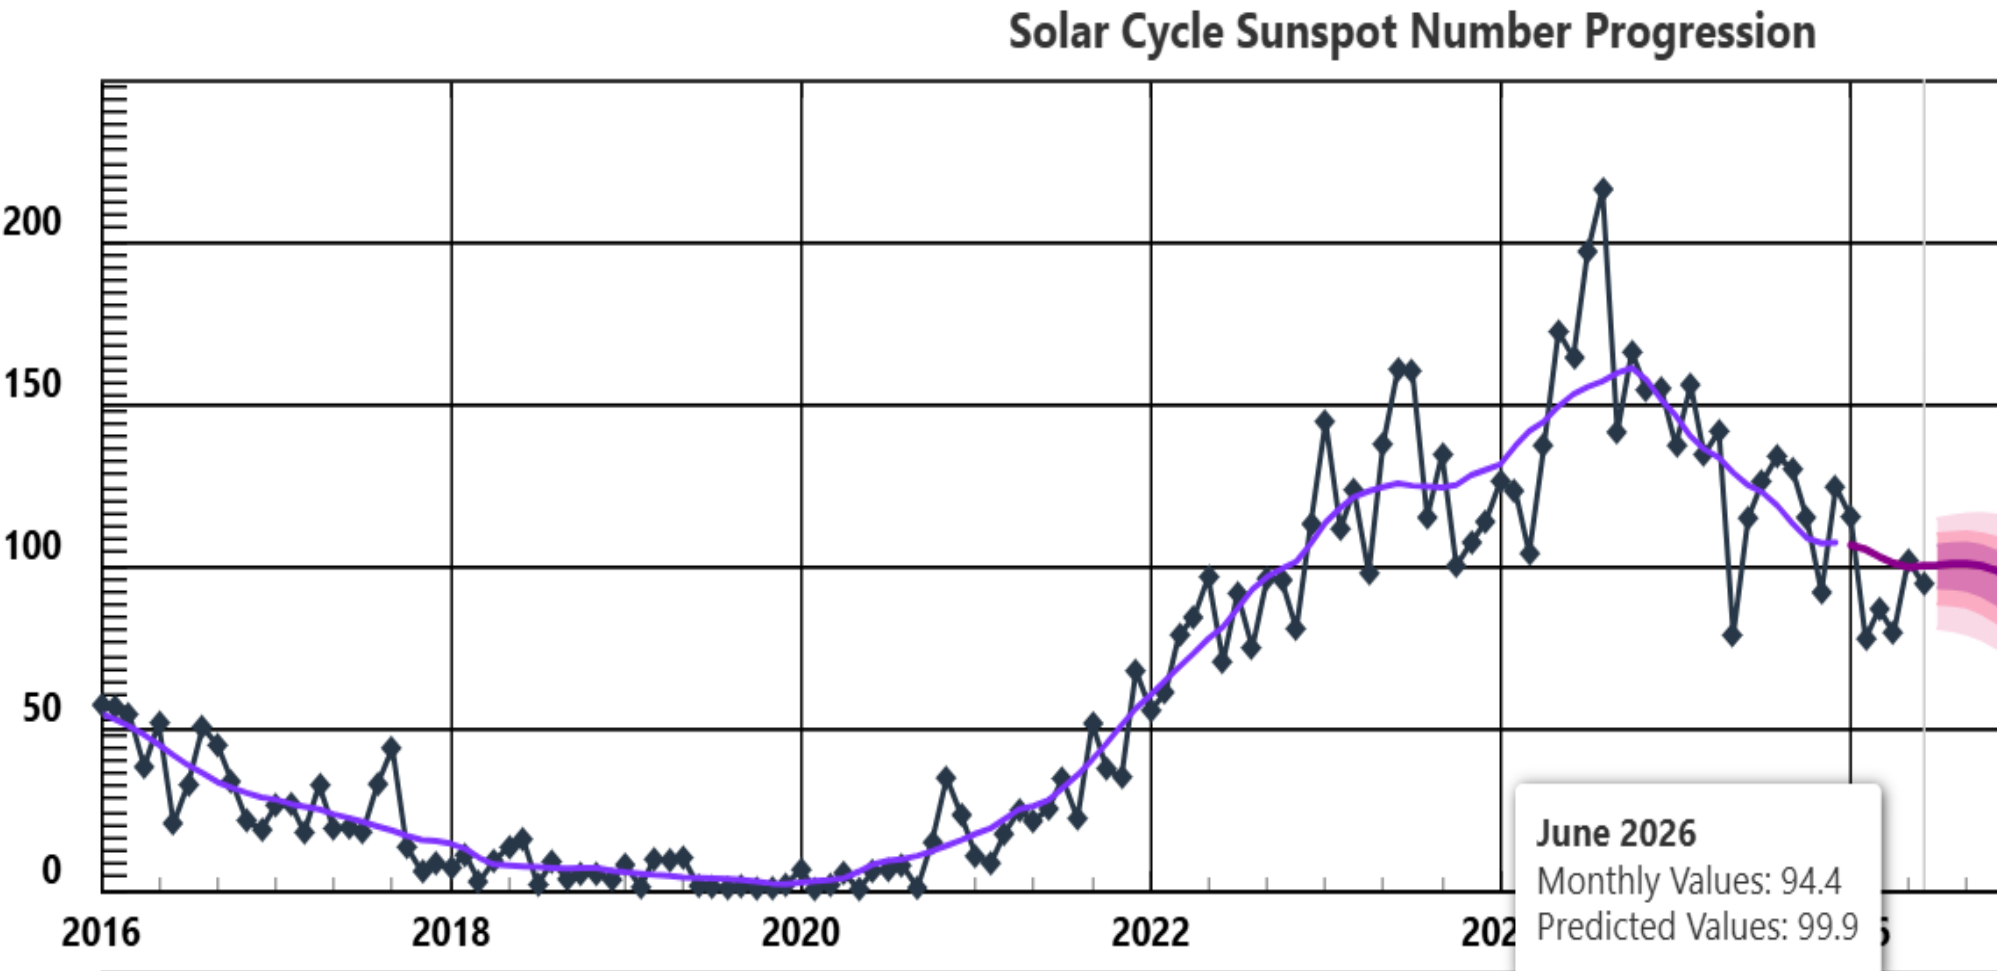

Joe K5EJL next to
Granddaughter
Victoria(Tori)

So, HOW'D WE DO????

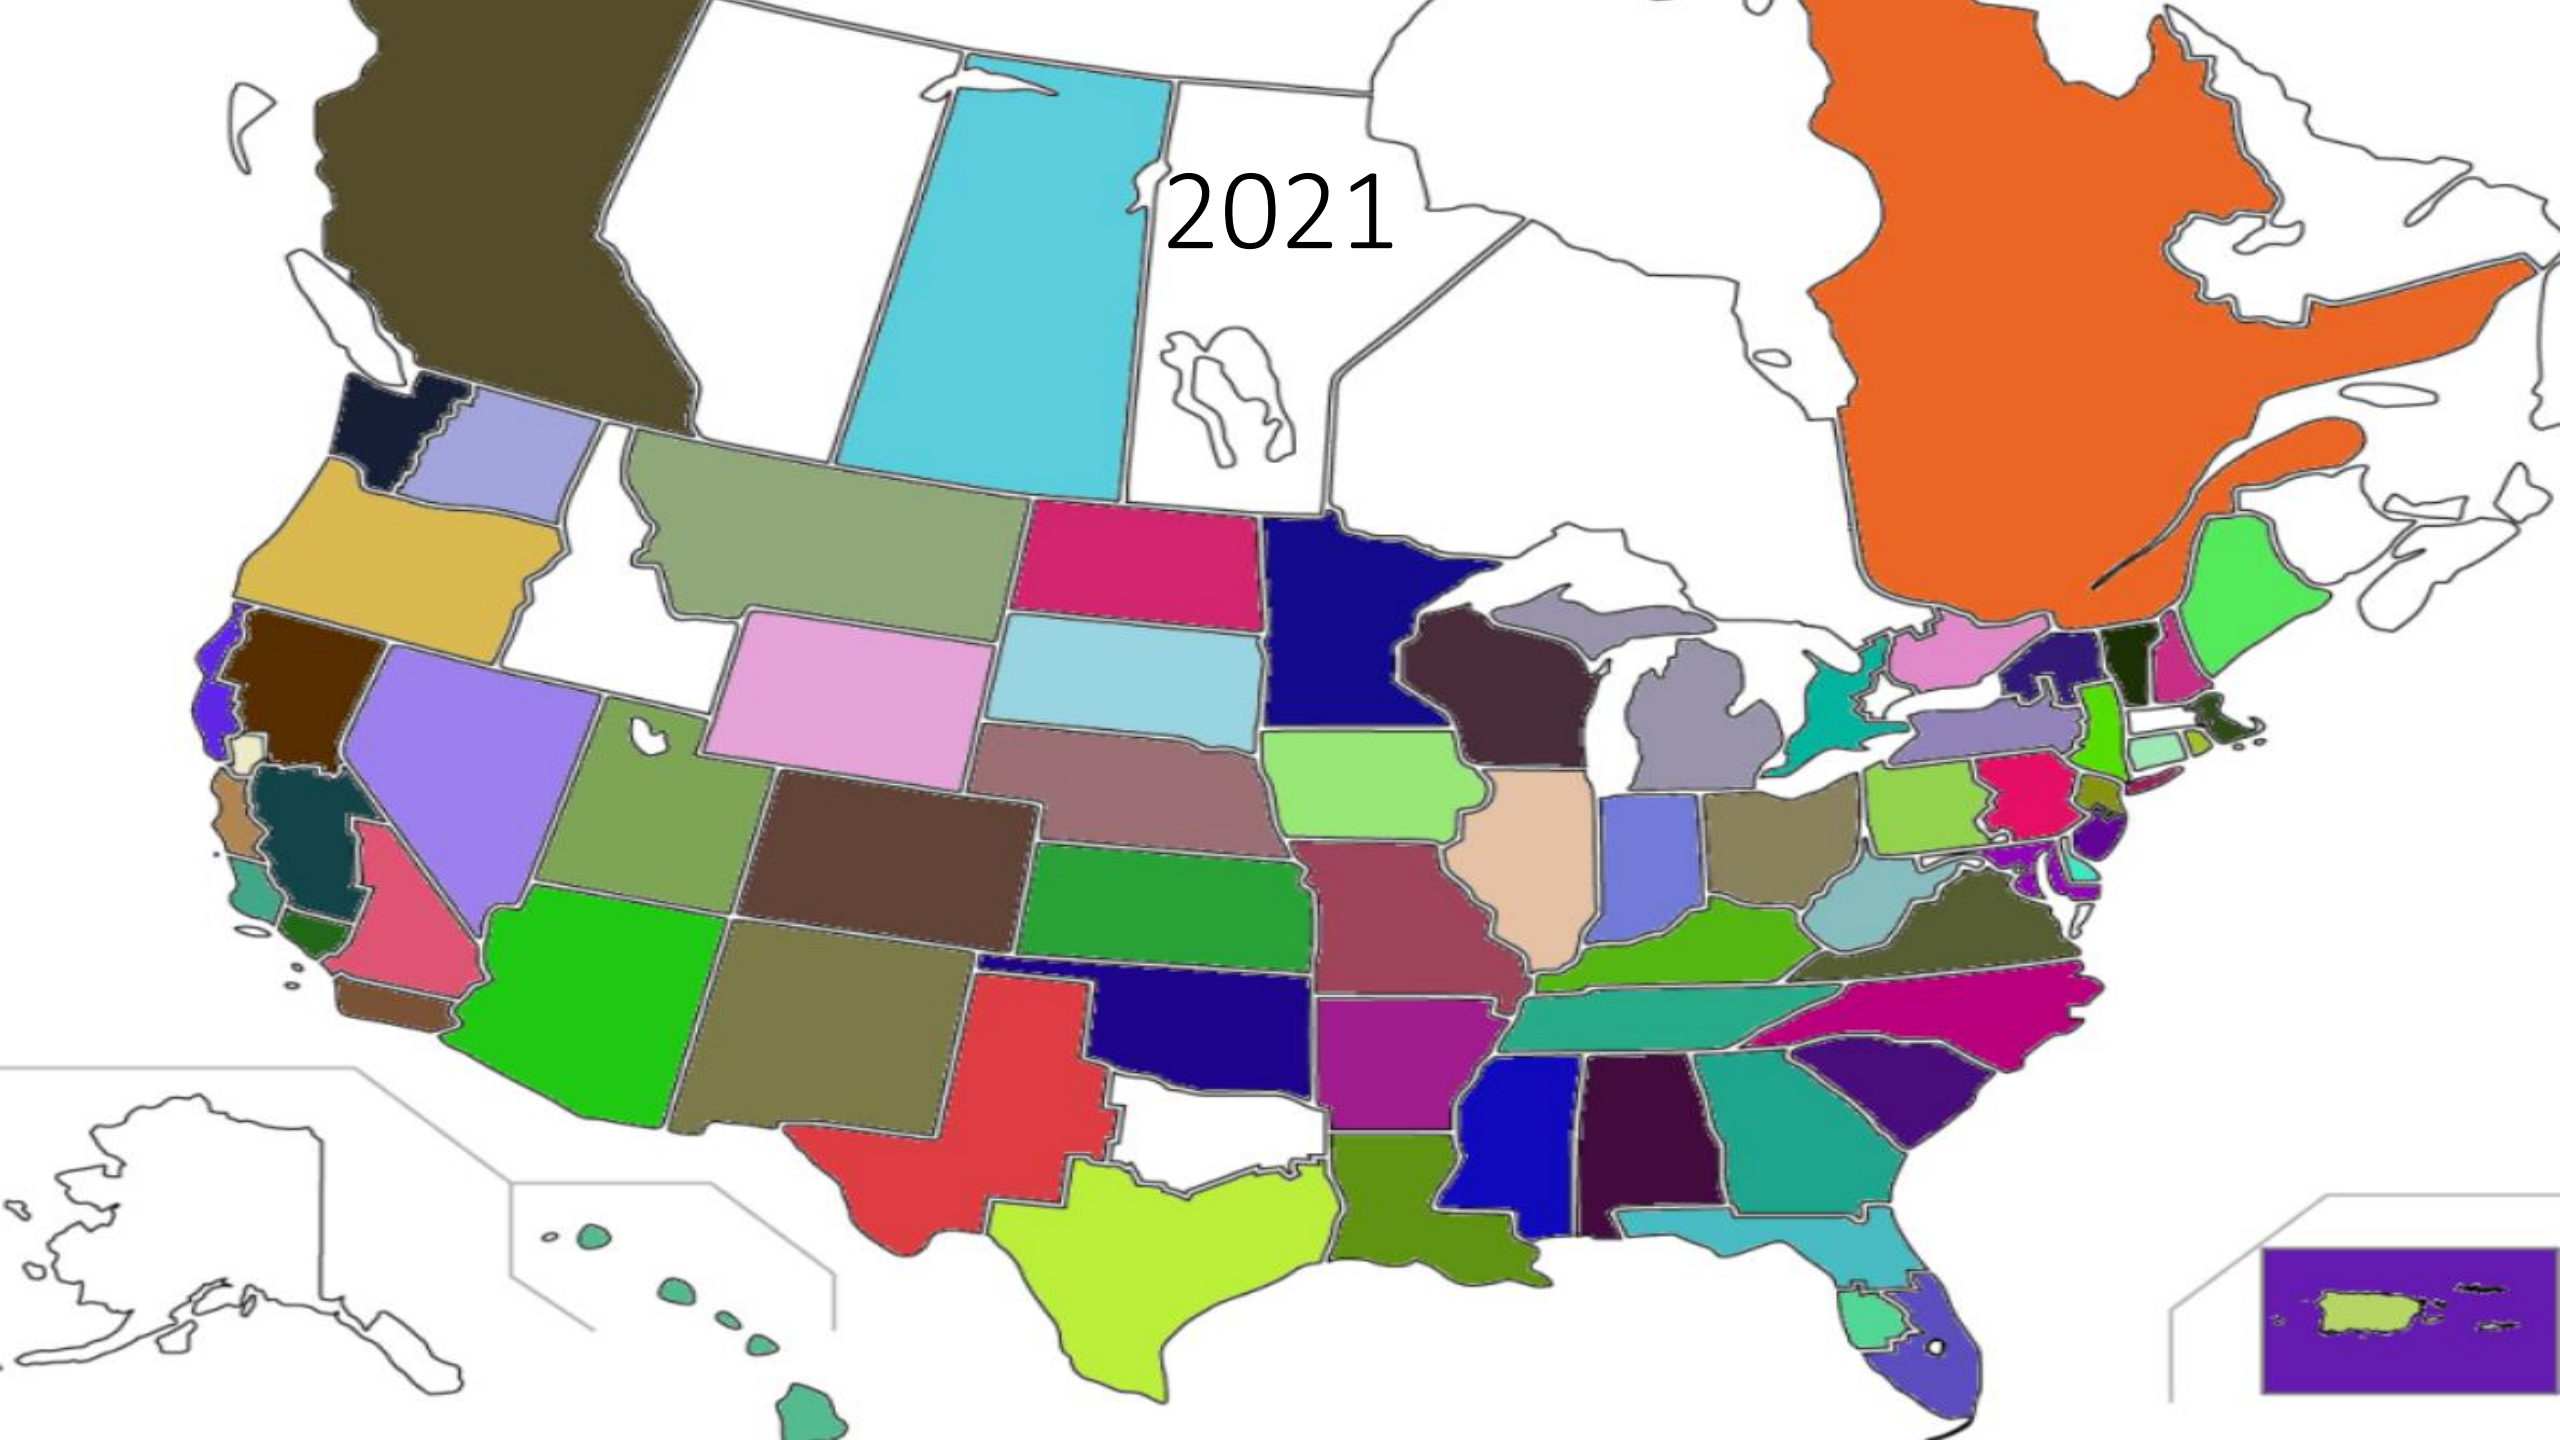

2016-26 Ionization plot

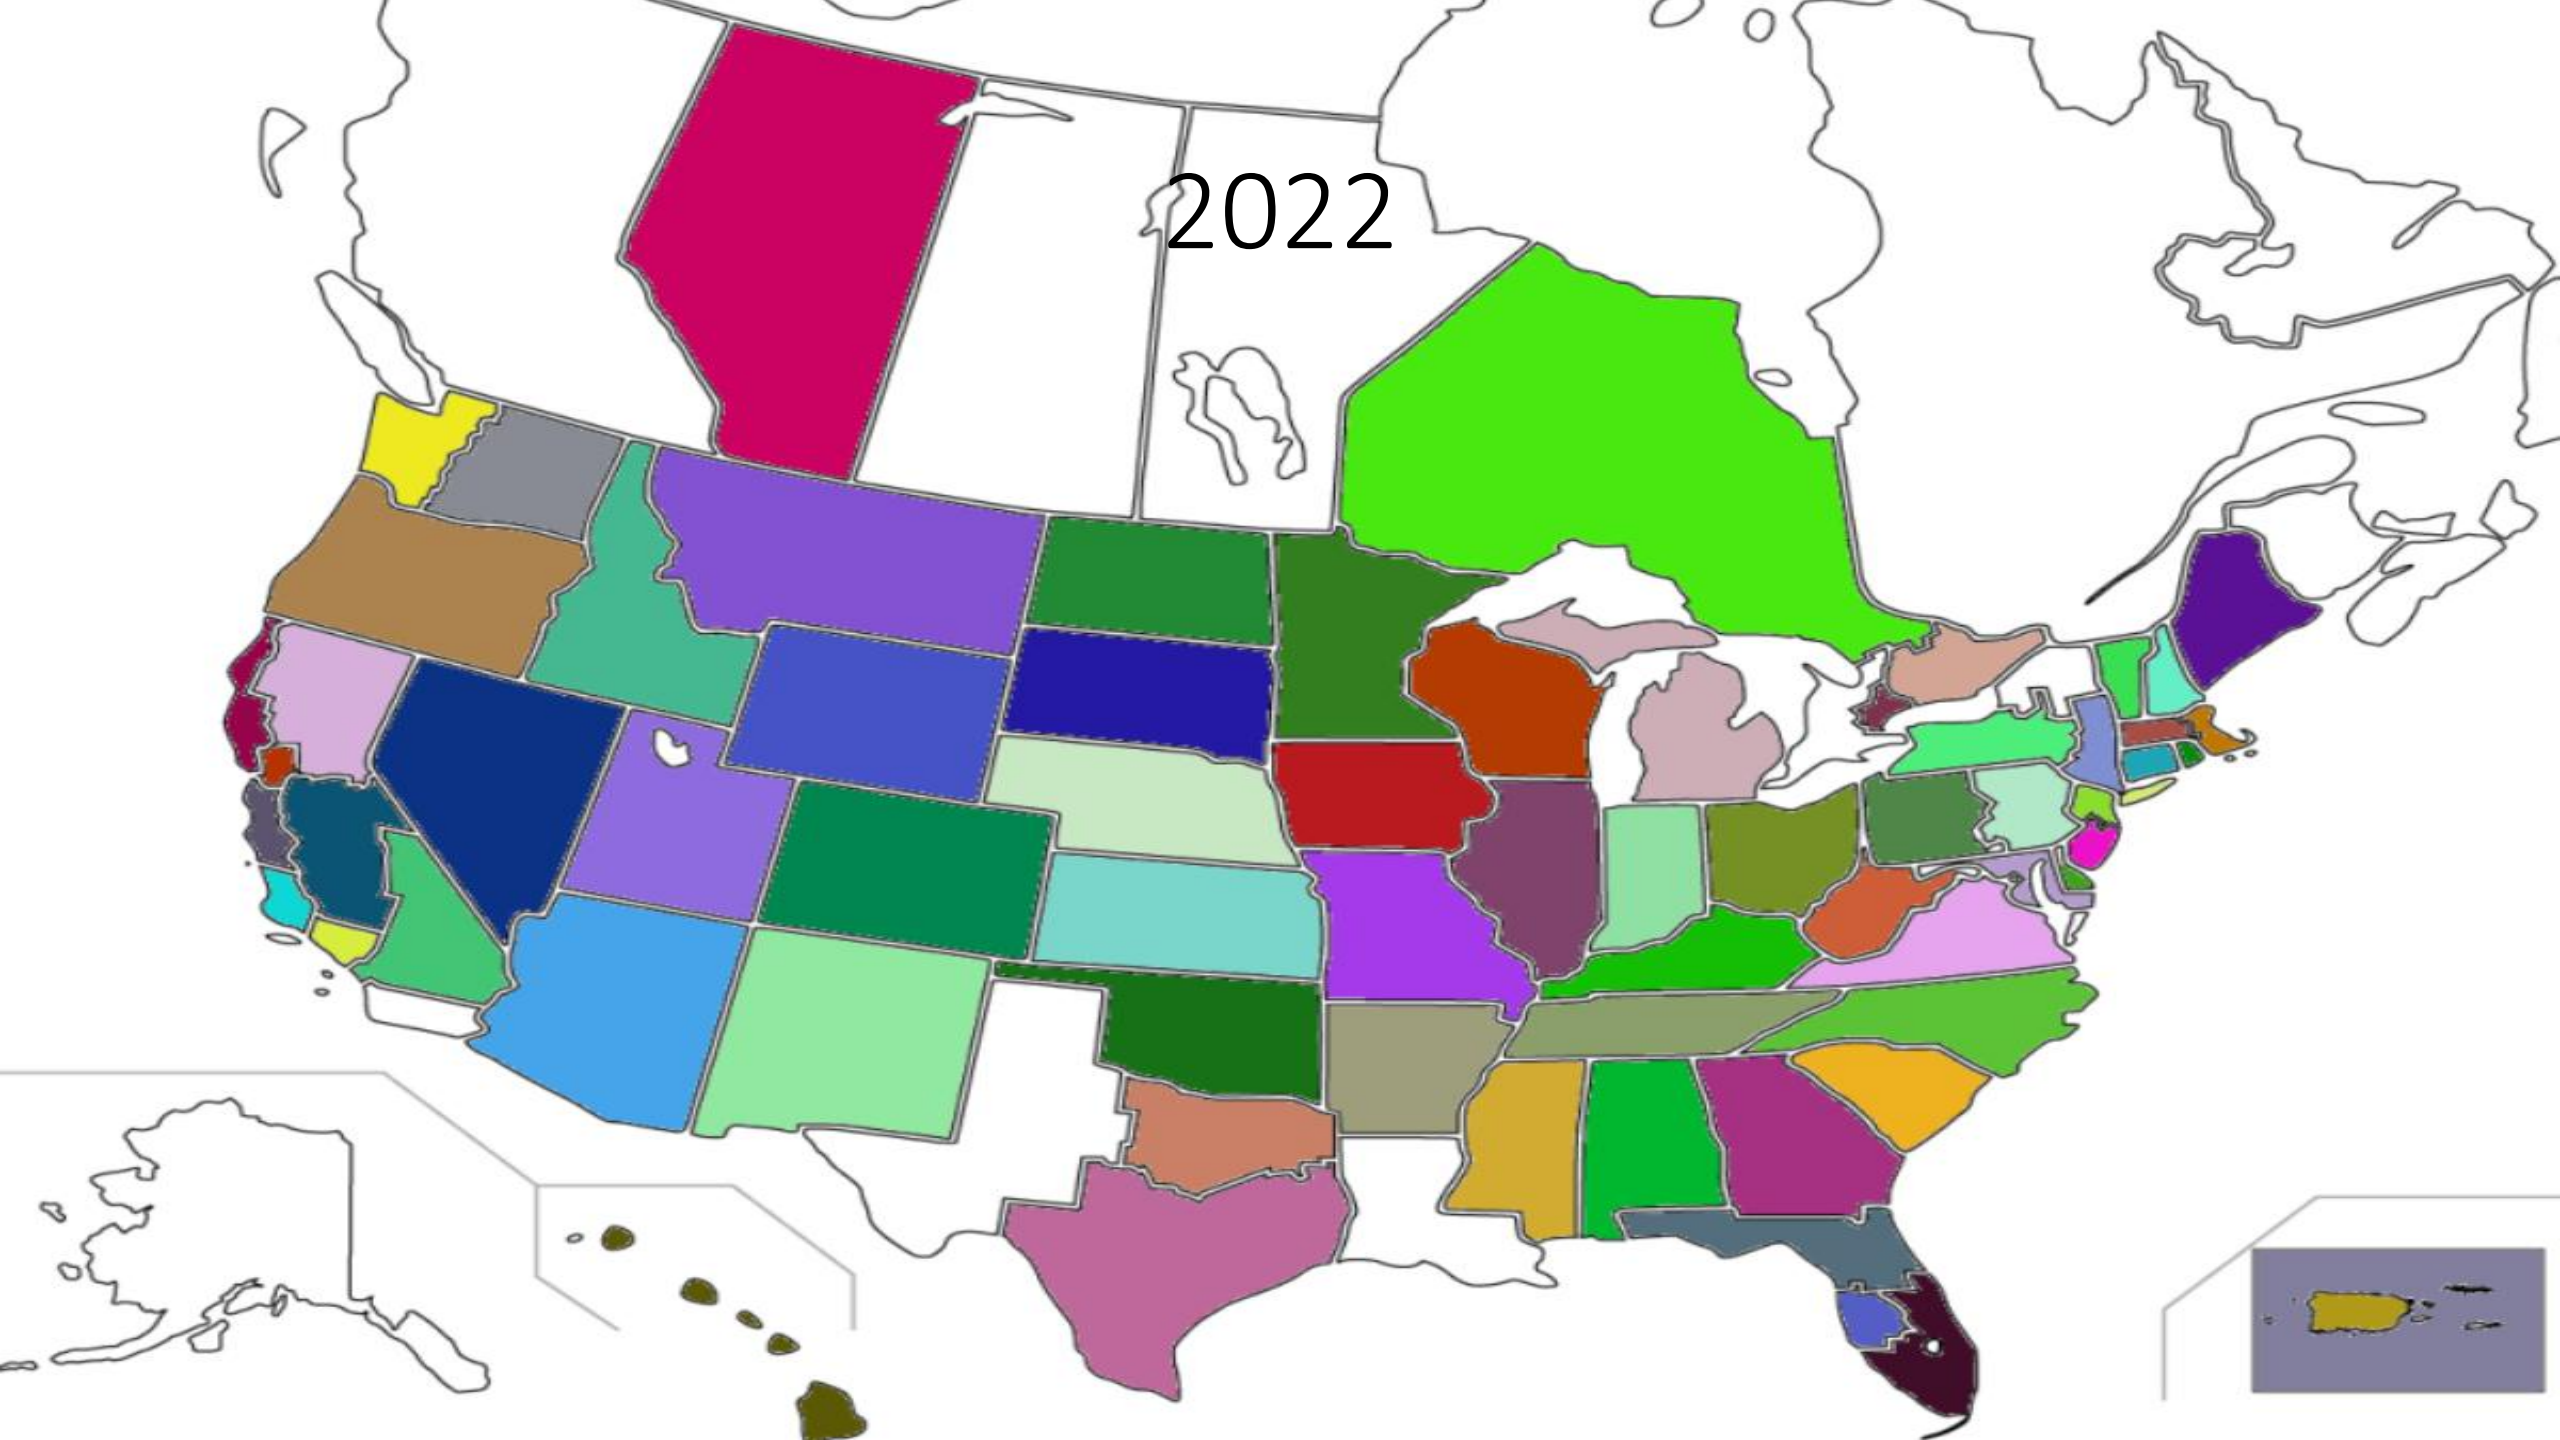

2026 notable:

- Solar conditions were luckily good over FD.
- 604 Q's in 2026, >900 in 2025, ~300-400 yrs past
- 6m voice was only open the first hour or so. We dedicated a 6m Digi rig late in the event.
- Only two 2m Q's. None were SSB.
- ARES Trailer genny worked great again this year!
- GOTA(K5LBJ) Coach KC5EES had great attendance and # of Q's!
- Lew hosted a Homebrew Antenna Contest!
- LASA/K5LBJ's KI5UXW and team proved their worth as an Engineering Force!
- N3FJP version had some issues that were resolved by local expert KD5VRU.

2026 ARRL FD Submission in progress

- Total submission estimated to be ~3000 if “usual” bonuses and some score assignments from those who worked from home.
 - On ARRL’s site, select- “Austin ARC” to assign your home score.
 - I’m pouring thru digital & handwritten logs to assure all were tallied
 - Need to verify and address 12m entry
 - Please send me pix if you have some!
-
- All will be completed & submitted to ARRL by End of July 2026

END
